

Bold.org / Mental Health Scholarship

My name is Dror Liebenthal and I'm the CEO of Bold.org, a student scholarship platform. I'm writing because I'd love to share our \$3,300 mental health scholarship opportunity with Bristol Technical Education Center students. In partnership with the Mental Health Movement, one of the leading voices breaking the mental health stigma for young people, we're awarding \$3,300 in scholarship funding to high school students who have battled with mental health, or who have had a loved one battle with mental health.

You can find more information about our award here: <https://bold.org/scholarships/mental-health-movement-scholarship/>

All GPAs and planned future fields of study will be considered for the Mental Health Movement Scholarship.

We are thrilled to work with the Mental Health Movement to destigmatize mental health and support students who have been impacted by mental health challenges, and we would be incredibly excited to receive applications from Bristol Technical Education Center.

If you have any questions about our scholarship, please just let me know! Thank you in advance for your help.

Best,

Dror
