EDUCATION AND CAREER SYSTEM

## "FALL 2021 - VIRTUAL OPEN HOUSE"

**DATE: Thursday, November 4, 2021**

**TIME: 4:00 p.m. - 6:00 p.m.**

### Explore each of our Trade Programs:

- Automotive - 2 year
- Culinary Arts - 1 year
- HVAC/R - 2 year
- Mechatronics - 1 year
- Precision Machining - 1 year
- Welding & Metal Fabrication - 1 year

We invite you to join us for our Fall 2021 Virtual Open House event where you can learn more about our programs. This event will allow you the opportunity to access additional information about our programs and interact directly with instructors. They will provide you with an overview of the trades and answer any questions. Our school counselor will explain the admissions and application processes. We look forward to seeing you, "virtually", on November 4<sup>th</sup>! Additional information regarding this event, including the virtual link will be forthcoming on our website at, [bristol.cttech.org](http://bristol.cttech.org).

Bristol TEC enrolls students entering grades **11, 12 and post-graduates**. High school students attending BTEC remain part of their local school districts while participating in our trade programs. High school students receive their diploma from their local school district, and all BTEC students receive technology certificates in their trade program.
