

**\$2,500 Career/Technical
Scholarship
for HIGH SCHOOL
SENIORS
and
up to age 35!**

**The application OPENED on
Wednesday, March 15, 2023 & closes
June 15, 2023.**

**Note: if all scholarships are not awarded by the closing date, the application may
remain open.**

The Horatio Alger Association seeks to provide
scholarship assistance to students who

*Wish to attain a certificate or Associate Arts degree of 2 years or less
Are Pell Grant Eligible (low income)
Attending or plan to attend a not-for-profit school
Are under the age of 35
Are a United States Citizen*

My name is Emily Petrik and I am the new CT Field Director.
This is yet another way the Horatio Alger Association is looking
to help your students get an education.
If a student or a member of their family fits the criteria, please submit an
application!

*Funds may be used for tuition, books, uniforms, tools... whatever is
necessary for the classes.*

The only reason most students submit an application is because a
career counselor or career/technical teacher encourages
them to do so.

Today, I want to encourage you to pass this information along
to your Career/Technical Teachers, your Senior Class and their families.

The Association awards 500 scholarships nationally and because this
is a new scholarship, we have not yet awarded all the scholarships
available.

Yes, this is one of the scholarships that the money
is waiting for students
and needs to be awarded! Please help us get the word out to students and
families.

Key criteria for qualification:

To see more details, visit <https://scholars.horatioalger.org/about-our-scholarship-programs/>

Would you encourage more than one student to apply?

If a student or family comes to mind, would you forward this information to them and others within your school, district and/or community?

If you are looking for additional information, please visit our website At <https://scholars.horatioalger.org/scholarships>.

If you would like flyers, please email PamelaL234@aol.com.

Kindest regards,
Emily Petrik
